Fakultet zaštite na radu u Nišu / Faculty of Occupational Safety in Niš

**Glavni urednik / Editor-in-Chief**

Dejan Krstić

**Urednici / Editors**

Ivan Krstić

Srđan Glišović

Vesna Nikolić

**Redakcijski odbor / Editorial Board (in alphabetical order)**

Andres Carrnion Garcia, Technical University of Valencia, Spain

Boris Đindić, University of Niš, Faculty of Medicine, Serbia

Branislav Anđelković, University of Niš, Faculty of Occupational Safety, Serbia

Dejan Petković, University of Niš, Faculty of Occupational Safety, Serbia

Đordje Čosić, University of Novi Sad, Faculty of Technical Studies, Serbia

Dragan Mitić, University of Niš, Faculty of Occupational Safety, Serbia

Dragan Mlađan, The Academy of Criminalistic and Police Studies, Belgrade, Serbia

Dusan Sakulski, Faculty of Natural and Agricultural Sciences, DiMTEC, Bloemfontein, South Africa

Dušan Sokolović, University of Niš, Faculty of Medicine, Serbia

Goran Ristić, University of Niš, Faculty of Electronic Engineering, Serbia

Ivana Banković Ilić, University of Niš, Faculty of Technology in Leskovac, Serbia

Joseph Aronov, VNIIS Mosow, Russia

Jovica Jovanović, University of Niš, Faculty of Medicine, Serbia

Katarína Senderská, Technical University of Košice, Faculty of Mechanical Engineering, Slovakia

Kemal Nuri Özerkan, University of Istanbul, School of Physical Education Sports

Ljiljana Živković, University of Niš, Faculty of Occupational Safety, Serbia

Ljubiša Papić, University of Kragujevac, Technical Faculty Čačak, Serbia

Miloš Jelić, Institute Kirilo Savić, Beograd, Serbia

Miomir Stanković, University of Niš, Faculty of Occupational Safety, Serbia

Mirjana Vidanović, University of Niš, Faculty of Occupational Safety, Serbia

Mirko Marić, University of Primorska, Faculty of Management, Slovenia

Nevenka Kopjar, University of Zagreb, Institute for Medical Research and Occupational Health, Croatia

Nenad Živković, University of Niš, Faculty of Occupational Safety, Serbia

Nenad Cvetković, University of Niš, Faculty of Electronic Engineering, Serbia

Noam Lior, University of Pennsylvania, USA

Predrag Petrović, Institute Kirilo Savić, Beograd, Serbia

Rodoljub Simović, Vinca Institute of Nuclear Sciences, Serbia

Susana San Matias, Technical University of Valencia, Spain

Suzana Savić, University of Niš, Faculty of Occupational Safety, Serbia

Slavoljub Aleksić, University of Niš, Faculty of Electronic Engineering, Serbia

Vera Marković, University of Niš, Faculty of Electronic Engineering, Serbia

Vlada Veljković, University of Niš, Faculty of Technology in Leskovac, Serbia

Wolfgang Mathis, Institut für Theoretische Elektrotechnik, Hannover, Germany

Zoran Keković, University of Belgrade, Faculty of Security Studies, Serbia

Žarko Janković, University of Niš, Faculty of Occupational Safety, Serbia

**Tehnički urednik / Technical Editor**

Rodoljub Avramović

**Lektor / Proofreading**

Nataša Šelmić-Milosavljević

*"Ne možemo da utičemo na to s koje će strane vetrar duvati  
ali možemo da podesimo jedra."*  
Fjodor Dostoevski

U godini smo usvajanja novog Zakona o bezbednosti i zdravlju na radu, kao i Strategije za period od 2018. do 2022. godine. U nadi da će se u tom periodu preciznije definisati mesto i uloga profesionalnih kadrova u bavljenju poslovima zaštite na radu, potrebno je pojačati kapacitet visokoškolskih ustanova kroz učešće u donošenju zakonskih i podzakonskih propisa, razvoj istraživanja, i stimulisati saradnju sa privrednim sektorom kroz naučno-istraživačke projekte. Časopis *Inženjerstvo zaštite* nudi svim naučnim i stručnim radnicima u oblasti Inženjerstva zaštite životne sredine i zaštite na radu mogućnost da nastave da prezentuju rezultate svojih istraživanja i dobri praksi u cilju unapređenja razvoja sistema zaštite na radu.

*"We cannot direct the wind, but we can adjust the sails."*  
Fyodor Dostoyevsky

In this year, we are adopting a new Law on Occupational Health and Safety, as well as the Strategy for 2018 - 2022 period. In the hopes that the years to follow will yield more precise definitions of the position and the role of professional staff in occupational safety, it is inevitable to increase the capacities of higher education by participating in the adoption of laws and by-laws, research development, and stimulation of cooperation with the economic sector through research projects. *Safety Engineering Journal* offers scientists and professionals in the field of environmental engineering and occupational safety the opportunity to continue publishing the results of their research and good practice and thus foster the development of the OSH system.

On behalf of the editors  
Prof. Dr. Ivan Krstić
