**Urednici / Editors**

Ivan Krstić

Srđan Glišović

Vesna Nikolić

**Redakcijski odbor / Editorial Board (in alphabetical order)**

Andres Carrion Garcia, Technical University of Valencia, Spain

Boris Đindić, University of Niš, Faculty of Medicine, Serbia

Branislav Anđelković, University of Niš, Faculty of Occupational Safety, Serbia

Dejan Petković, University of Niš, Faculty of Occupational Safety, Serbia

Đordje Čosić, University of Novi Sad, Faculty of Technical Studies, Serbia

Dragan Mitić, University of Niš, Faculty of Occupational Safety, Serbia

Dragan Mlađan, The Academy of Criminalistic and Police Studies, Belgrade, Serbia

Dusan Sakulski, Faculty of Natural and Agricultural Sciences, DiMTEC, Bloemfontein, South Africa

Dušan Sokolović, University of Niš, Faculty of Medicine, Serbia

Goran Ristić, University of Niš, Faculty of Electronic Engineering, Serbia

Ivana Banković Ilić, University of Niš, Faculty of Technology in Leskovac, Serbia

Joseph Aronov, VNIIS Mosow, Russia

Jovica Jovanović, University of Niš, Faculty of Medicine, Serbia

Katarína Senderská, Technical University of Košice, Faculty of Mechanical Engineering, Slovakia

Kemal Nuri Özerkan, University of Istanbul, School of Physical Education Sports

Ljiljana Živković, University of Niš, Faculty of Occupational Safety, Serbia

Ljubiša Papić, University of Kragujevac, Technical Faculty Čačak, Serbia

Miloš Jelić, Institute Kirilo Savić, Beograd, Serbia

Miomir Stanković, University of Niš, Faculty of Occupational Safety, Serbia

Mirjana Vidanović, University of Niš, Faculty of Occupational Safety, Serbia

Mirko Marić, University of Primorska, Faculty of Management, Slovenia

Nevenka Kopjar, University of Zagreb, Institute for Medical Research and Occupational Health, Croatia

Nenad Živković, University of Niš, Faculty of Occupational Safety, Serbia

Nenad Cvetković, University of Niš, Faculty of Electronic Engineering, Serbia

Noam Lior, University of Pennsylvania, USA

Predrag Petrović, Institute Kirilo Savić, Beograd, Serbia

Rodoljub Simović, Vinca Institute of Nuclear Sciences, Serbia

Susana San Matias, Technical University of Valencia, Spain

Suzana Savić, University of Niš, Faculty of Occupational Safety, Serbia

Slavoljub Aleksić, University of Niš, Faculty of Electronic Engineering, Serbia

Vera Marković, University of Niš, Faculty of Electronic Engineering, Serbia

Vlada Veljković, University of Niš, Faculty of Technology in Leskovac, Serbia

Wolfgang Mathis, Institut für Theoretische Elektrotechnik, Hannover, Germany

Zoran Keković, University of Belgrade, Faculty of Security Studies, Serbia

Žarko Janković, University of Niš, Faculty of Occupational Safety, Serbia

*"Ako želite da stvorite nešto veliko, uložite u to ceo život."*  
*Platon*

Pred vama se nalazi dvadeseto izdanje časopisa "Inženjerstvo zaštite" koje predstavlja mali, ali značajan jubilej za uredištački odbor časopisa. Svojim međunarodnim karakterom i kontinuiranim izlaženjem časopis ilustruje dobru reputaciju koju je postigao poslednjih godina u misiji služenja nauci i praksi zaštite i bezbednosti radne i životne sredine, kao i brojne veze sa autorima i kolegama sa različitih univerziteta. Jedan je od retkih časopisa u Srbiji, ali i u čitavom regionu, koji ima multidisciplinarni pristup teorijsko-koncepcijskim, komparativnim i empirijskim proučavanjima u ovoj oblasti. Trudili smo se da vašu pažnju privučemo zanimljivim istraživanjima, da "uhvatimo" vezu sa aktuelnim trenutkom i inspirativno delujemo na nove istraživačke poduhvate.

Dugujemo zahvalnost za saradnju, podršku i razumevanje, zasnovane na sličnoj naučnoj provenijenciji, srodnim diskursima i pogledima na svet, i zajedničkim željama za uspešno savladavanje svojevrsnih izazova zaštite u periodu koji nam predstoji. Verujemo da smo izborom tema i radova za ovaj broj časopisa napravili još jedan korak u približavanju srpske i međunarodne teorije i prakse i doprineli promotivnim aktivnostima Vlade Republike Srbije u "Godini bezbednosti i zdрављa na radu". Uredištački tim "Inženjerstva zaštite" poziva sve autore da i dalje objavljaju svoje radove u ovom časopisu, a posebno podržava objavljivanje inovativnih i provokativnih studija koje su zasnovane na različitim akademskim orientacijama i metodološkim pristupima. Očekujemo vaše preporuke i sugestije za teme od značaja za održivu budućnost.

Uredištački odbor časopisa želi da "Safety Engineering" doživi brojna izdanja na zadovoljstvo svih onih koji su željni duhovne hrane i sveukupnog naučnog nadahnuća!

*"If you desire to create something great, you need to invest your whole life"*  
*Plato*

The twentieth issue of *Safety Engineering journal* is a small but significant anniversary for the journal's Editorial Team. With its international character and continuity in publication, the journal reveals its good reputation which has been acquired in the last few years, all with the aim to support science and practice in occupational and environmental safety and security. The journal also displays the numerous connections with the researches and colleagues from various universities. It is one of the few journals in Serbia, as well as in the whole region, which has a multidisciplinary approach to theoretical-conceptual, comparative and empirical studies in this field. We have made an effort to bring readers' attention by engaging research, to "catch up with" the present moment and to inspire new research endeavours.

We are truly grateful for cooperation, support and understanding, which are based on similar scientific provenance, complementary discourses and worldviews, and a common desire to successfully overcome the forthcoming challenges relating to safety. We believe that by singling out the articles for this journal issue, we have taken another step in bringing Serbian and international theory and practice closer to each other and contributed to the promotional activities of the Government of the Republic of Serbia in "The Year of Occupational Safety and Health". The editorial team of Safety Engineering journal invites all authors to continue publishing their articles in this journal, and particularly supports the publication of innovative and challenging studies based on diverse academic orientations and methodological approaches. We look forward to your recommendations and suggestions for topics related to sustainable future.

The journal Editorial Team hopes that Safety Engineering will last and have many issues published, and satisfy all those who crave for spiritual nourishment and scientific awakening.

On behalf of the editors  
*Prof. Dr. Vesna Nikolić*
